ASSET OWNERS IN THE NEW GLOBAL ECONOMIC LANDSCAPE

In 2024, global headwinds pose significant challenges for asset owners. Ongoing conflicts in Europe and the Middle East have heightened geopolitical tensions, impacting investment decisions, and the recent COP28 conference in Dubai underscored the urgent need for collective action to combat environmental challenges and preserve our planet.

During this round table, representatives from sovereign wealth funds and family offices discuss the global outlook, strategies to navigate the complex investment landscape while forging a path towards a resilient and sustainable future.
