[www.gwc.events](http://www.gwc.events)

An evening spent at one of the world's oldest and largest stock exchanges, bringing together financial leaders, AI innovators, tech investors, academic researchers, and media contributors to delve deep into the realm of artificial intelligence, fostering discussion and debate.

---

05:00 PM – 06:00 PM      Registration with networking and cocktails and canapes

---

An evening of networking and cocktails, where industry leaders and innovators explore the frontiers of artificial intelligence.

---

06:00 PM – 06:10 PM      Welcoming and setting the tone for the evening by  
Mr. Edward Longhurst-Pierce, CEO of SWFI Global Gatherings

---

06:10 PM - 06:40 PM      Power Talk at the Centre Stage **“THE TRANSFORMATIVE POTENTIAL OF ARTIFICIAL INTELLIGENCE IN THE GLOBAL ECONOMY”**:

AI technologies have already revolutionized sectors such as finance, healthcare, and manufacturing by increasing efficiency through automation. As AI continues to evolve and mature, it has the potential to drive economic growth and innovation, empowering us to make better decisions and unlock valuable insights.

The UK is a key player in the global science, technology, and innovation landscape, with its investments in AI fueling advancements that will shape the future of work, daily life, and business operations. Join us as we delve deeper into the critical role of embracing and investing in AI to leverage the full potential of this transformational technology in the years ahead.

**Lord Holmes MBE**, Former British Swimmer and Paralympic Gold Medal Winner (1988 – 2000); Member, House of Lords Select Committee on Science and Technology (2021-24); Member, House of Lords Select Committee on Artificial Intelligence (2017-18)
